

Maths January 29th

Mastering the Maths!

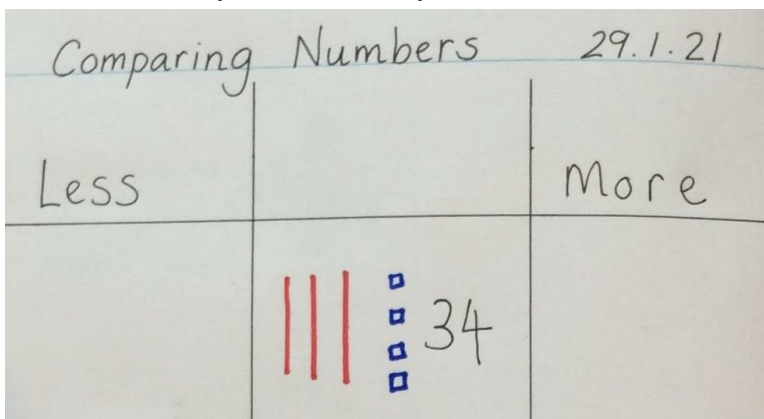

In today's maths lesson we'll be putting into practice some of the skills we have learnt this week. You will need your red exercise book, a pencil and a ruler.

Comparing Numbers:

1. First divide your page into 3 columns like this...

2. Pick a number that is more than 20 but less than 40. Draw the number into the middle column in your book. Write the number too. I chose the number 34, but you can choose any number you like.

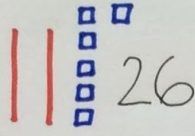

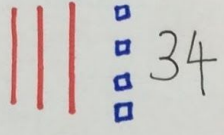

3. Ask an adult to tell you a number between 20 and 40.

Is their number more or less than yours?

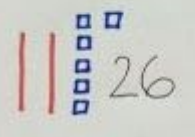

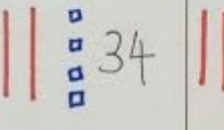

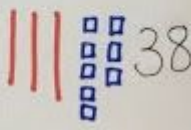

Draw and write that into the correct column.

Comparing Numbers 29.1.21

Less		More
 26	 34	

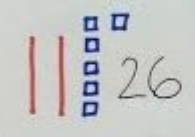

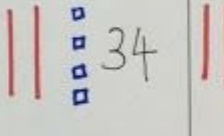

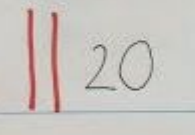

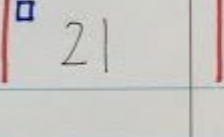

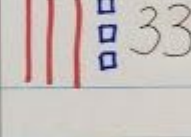

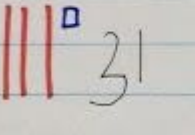

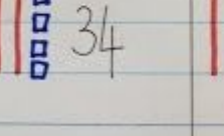

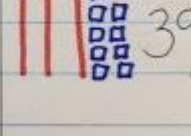

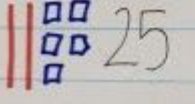

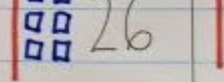

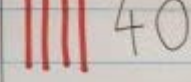

4. Together choose a number to put in the remaining column. Draw and write this too.

Comparing Numbers 29.1.21

Less		More
 26	 34	 38

Now repeat this activity at least 3 more times. Your page in your red book should look a little like this...

Comparing Numbers 29.1.21

Less		More
 26	 34	 38
 20	 21	 33
 31	 34	 39
 25	 26	 40
