

Tuesday February 9th

Your first job is to think about what you would like to find out about them? Have you always wondered what wolves really eat or where they live? Please think of 4 questions you would like to learn about wolves. Write them into your red book as full sentences using capital letters and what do you need at the end for a question?

Next please watch this video about wolves. We are trying to find out some new facts so either note down some of the facts you hear, ask an adult to record the facts you hear or you could draw some little pictures to help you remember the facts for later.

<https://www.youtube.com/watch?v=VYKsI5ILiaQ>

<https://www.youtube.com/watch?v=CifgAvrgtNs>

You might not have found out all the answers to the questions you wanted to know so you could now go to google kids

<https://www.safesearchkids.com/google-kids/#.YBrIAiuTLrc>

and type in the questions you wanted to ask and note down the answers. Or even read about wolves in some books or information pages online. <https://www.coolkidfacts.com/wolf-facts/>

<https://kids.nationalgeographic.com/animals/mammals/gray-wolf/>

Keep a note of your facts somewhere (it is OK if you want your grown up to make your notes for you today!) Keep these facts safe as you will need these and some of the other facts you have discovered for our English lesson on Thursday.
